

2 March 2010

WatchGuard Technologies, Inc.  
505 Fifth Avenue South, Suite 500  
Seattle, Washington  
USA 98104

Attention: Mr. Matthew Deichman, Vice President Business Development

Dear Mr. Deichman:

Subject: Common Criteria Evaluation of WatchGuard eXtensible Content Security (XCS) Series

Electronic Warfare Associates-Canada, Limited is pleased to confirm that WatchGuard Technologies, Inc. has contracted for a Common Criteria (CC) evaluation at Evaluation Assurance Level (EAL) 4+ of WatchGuard eXtensible Content Security (XCS) Series technology in accordance with the Common Criteria for Information Technology Security Evaluation (ISO 15408) standard.

The status of the WatchGuard eXtensible Content Security (XCS) Series\_CC evaluation can be seen on-line at the following EWA-Canada web-site (Products undergoing Common Criteria Evaluation):

[http://www.ewa-canada.com/services/ProductList/CC\\_InProgress\\_Products.php](http://www.ewa-canada.com/services/ProductList/CC_InProgress_Products.php)

The evaluation will be carried out in our accredited IT Security Evaluation & Testing (ITSET) Facility in accordance with the requirements of the Canadian Common Criteria Evaluation and Certification Scheme (CCS) and the Common Criteria Mutual Recognition Arrangement (CCRA). Formal registration into evaluation by the Communications Security Establishment Canada (CSEC) is expected in the late May 2010 timeframe.

EWA-Canada is accredited nationally by the Standards Council of Canada under the Program for the Accreditation of Laboratories in Canada (PALCAN) and approved by the Communications Security Establishment Canada (CSEC) to conduct product and systems security evaluations under the CCS.

Yours truly,

ELECTRONIC WARFARE ASSOCIATES-CANADA LIMITED

Dennis Weiss  
Vice President
